

# **County to Continue to Revitalize Its Bridges & Culverts**

## ***Work on Hollow Road Culvert in the Town of Clinton Begins August 24<sup>th</sup>***

***Poughkeepsie***... The Dutchess County Department of Public Works (DCDPW) Highway Division will begin replacing the existing culvert C-20, which carries Hollow Road (County Route 14) over a tributary of the Little Wappinger Creek. The existing eight foot (8') diameter corrugated metal pipe is structurally deficient and will be replaced using a precast concrete box culvert. Work is anticipated to begin by August 24, 2012 and is expected to be completed by October 30, 2012. During construction Hollow Road will be closed at the vicinity of the culvert and a detour route will be posted.

DCDPW thanks everyone who travels Hollow Road in advance for their cooperation and understanding. Questions can be directed to DCDPW at [\(845\) 486-2925](tel:8454862925).
