

Statement from Dutchess County Executive Marcus J. Molinaro

Regarding transition of St. Francis Hospital to MidHudson Regional Hospital

"It is with great pleasure we welcomed Westchester Medical Center to Dutchess County during today's ceremony celebrating the completion of the transition from St. Francis Hospital to the MidHudson Regional Hospital of Westchester Medical Center. The tradition of the highest quality of care and services will continue at the MidHudson Regional Hospital including the delivery of vital services including Mental Health Services, Chemical Dependency and Detox, Preschool and Early Intervention Services and Trauma II Emergency Services.

We are excited for expanded job opportunities and are pleased to work with MidHudson Regional Hospital of Westchester Medical Center as a key member of the healthcare delivery system here in Dutchess County.
